Orders placed after 9.00am Thursday will not arrive until following week ~ allowing for availability at market.

Wagyu Beef

For the ultimate taste in beef, look no further than our incredible Wagyu beef. Arguably the best beef in the world, this highly prized meat is like no other. Heavily marbled with unsaturated fat, it has a luxurious, buttery flavour and an incredibly tender, melt-in-the-mouth texture.

Wagyu cattle are naturally raised on the open ranges of Eastern Australia, free of artificial additives, growth hormones, steroids or antibiotics. The exceptional meat they produce is a gourmet delicacy not to be missed.

Wagyu beef is graded by the amount of marbling that runs through it. The higher the marbling, the higher the grade and the quality of the beef. All of the Wagyu beef we stock is of very high quality.

All Marble grade 6:

Whole Fillet
Whole Striploin
Whole Rib Eye
Whole Rump

Marble score 4 and marble score 9 available as are other cuts, please phone.

***Please note this expensive meat is to order only!
Availability is usually within 2-3 days.***

Organic Free Range Poultry

Label Anglais Chickens

There are no short cuts or modern methods in the way we raise our chickens. Our Label Anglais chickens are a derivative of an old British breed, the Cornish Red.

Because of their heritage, Label Anglais are suited to our climate and thrive in their free range pastures. Their breeding also means they are much slower growing than modern chickens, giving the meat longer to develop a good texture.

*A special slow-growing breed
Fully free range from five weeks old
Grown to full maturity, up to 95 days of age
Fed a high cereal diet
Feed contains no antibiotics, artificial additive or colourings.*

Special Reserve Chickens

A combination of the best of the old with the best of the new. The breed is developed from the same female line as Label Anglais, but carries more breast meat and is of a paler colour than Label Anglais.

Raised alongside Label Anglais in the same high welfare environment, they are fully free-range from five weeks, fed a natural diet and grown slowly to full maturity, up to 85 days. The meat has a more delicate texture and excellent flavour.

Label Anglais 1.4 - 2kg & Special Reserve Chickens 1.6 - 2.2kg.

Whole Birds Only. No Cuts
